

FREQUENTLY ASKED QUESTIONS

Why did Bayshore HealthCare decide to create a Foundation?

The Bayshore Foundation for Empowered Living was created to address a social issue Canadians are facing: ***“Individuals living with serious health issues or the challenges of aging are not well supported or empowered to take control of their independence”***

Why “Empowered Living”?

Empowered Living ties back to the social issue identified above. Its definition of “making someone stronger or more confident, especially in controlling their life” not only resonates with individuals who are aging or living with an injury or illness, but it also helps Bayshore HealthCare deliver on our brand promise of *improving the quality of life for all Canadians*.

What is the Mission and Vision of the Foundation?

- **Mission:** To strategically fund initiatives that improve Canadians’ quality of life by removing barriers that prevent them from taking control of their independence.
- **Vision:** To live in a country where the unwell, injured and aging populations feel empowered and enabled to reclaim and maintain their independence.

Who does the Bayshore Foundation for Empowered Living support?

As a registered charity, the Bayshore Foundation for Empowered Living can only support other registered charities in Canada. Unfortunately, we are unable to support individuals, not-for-profits, or other foundations.

How can I make a donation?

Donations to the Bayshore Foundation can be made online via credit card or PayPal. Visit our website at bayshorefoundation.ca and click on the “Donate Now” button. You can make a one-time donation, a monthly donation, memorium donations, and bequest donations.

Where do the donations raised go?

Bayshore branches across the country have partnered with local charities to fundraise on their behalf. Donations raised in a local community stay within that local community.
